## South Bank UTC - Uniform Policy

This policy is based on the principles based on the UTC's dress code for employees and students. Dress code is important to the UTC. As a guide, the UTC expects all students to dress in line with expectations of a formal office environment, with professional standards upheld. Standards of dress are to be upheld throughout the day in all lessons as well as at break and lunch along with entry and exit from the UTC. Students inappropriately dressed will not be permitted to attend lessons with their peers. Students may be asked to go home to change.

Failure to wear correct UTC dress is to be treated as failure to meet UTC expectations so will be sanctioned accordingly, with Form Tutors, KS4 Lead, Director of Sixth Form and/or SLT involved where appropriate.

### The UTC dress code is as follows:

- Promotes a sense of pride in the UTC in line with our ethos, values, and beliefs.
- Encompasses a sense of community and belonging to the UTC
- Supports positive behaviour and discipline
- Is practical, smart, and business like
- It identifies students within the UTC
- Prevents students from coming to the UTC in fashion or 'designer' label clothes that could be distracting in lessons or create a sense of competition
- Students feel equal to their peers in terms of appearance and helps nurture cohesion between distinct groups of students.

We require all students at South Bank Engineering UTC to adhere to our Uniform Policy.

- Black trousers / skirts / cargo trousers
